

SOCCER IN THE WILDERNESS

Children in the Wilderness and Wilderness Safaris are proud to announce the return of Soccer in the Wilderness. The success of the first event in 2010 has inspired us to host a second Soccer in the Wilderness and like last year the tournament will involve all our staff and all our camps.

In 2011 over a period of three months the different concessions will play each other in what promises to be a battle of the Titans. The play-offs will take place in March and April with the final in May. The concession that raises the most money for Children in the Wilderness will also stand to win great prizes.

Below are the competing teams:

Moremi Lions • Linyanti Elephants • Ngamiland Adventure Safaris Lechwes
Maun Donkeys • Wilderness Air Warthogs • Kwedi Sables

Soccer in the Wilderness has been conceived and is run by Wilderness Safaris Botswana staff members themselves, combining their love of Children in the Wilderness programmes with the Wilderness aim of promoting healthy lifestyles amongst its people. It is therefore fitting that we use the favourite sport of 2010 to build healthy outlooks, bodies, team spirit and inspiration – and raise funds for a programme that helps the children of Botswana and teaches them about their own health and lifestyle choices.

How can you help:
